Subject: Children's smokefree air conference

I sympathize with Ingemo Bonnier's note below. - Sibylle will circulate the program for this conference.

In theory, as the main part of the program is in English, someone like yourself or a hand-picked scientific witness might even attend the panel. With the meeting attended by a nr of senior Nordic health politicians I am uncomfortable about all the incorrect information we must assume will be floated around without any counter-arguments even on record. Also, I do agree with IB's viewpoint that the industry should make it's position concerning juvenile smoking etc clear.

Most grateful for your comments and suggestions,
best regards, Stig

Stig,

I just had the agenda from Truls re the conference in Oslo October 11. I am in the process of preparing possible action from RR.s side. But I also have the following suggestion / would it be possible that the Norwegian NMA or PM at the conference delivered a paper, a statement which clarifies our position and also gives some scientific background information. The paper and the statement should at the same time be delivered to media with a spokes person contact number.

I feel that we have to be participating in some way, not necessarily being there in person, but taking the opportunity to stress that we are for an age/limit and that we regard smoking being an adult habit. We can also talk about our accomodation policy / which of course is vital when children are present etc etc.
What do you think?

) Regards,
Ingemo
